### Job Rotation Reports

Printed on 7/3/2023 9:04:50  
AM

**Staff Name:** Harrison Eze (CCOL) **Frequency:** twice a week

**Month:** 01/06/2023 **Department Assigned:** Data Hub

**Duty Performed:** I was able to have an overview of what the department is doing for the organization in teams of managing data.

**Lessons:** Learning resources for data analytics.

**Gaps:** There is currently no standard operating procedure (SOP) in place for the team. It is recommended that the team allocate some of their energy towards identifying trends or patterns from data, such as TSL driver trip data. By doing so, they will be able to gain valuable insights and subsequently provide data-driven recommendations to management or relevant stakeholders. These insights can assist in making informed decisions to improve the business.

**Value sustained:** Learning resources

**Unit Supervisor:** Oluwayinka Johnson (CCOL)

**Supervisor comment:** Thank you for the observations.

**Date:** 03/07/2023
